

Human Body Composition (2nd Revised edition)

By Steven Heymsfield, Timothy G. Lohman, ZiMian Wang, Scott Going

Human Kinetics Publishers. Hardback. Book Condition: new. BRAND NEW, Human Body Composition (2nd Revised edition), Steven Heymsfield, Timothy G. Lohman, ZiMian Wang, Scott Going, The new edition of "Human Body Composition" is the most complete text in the burgeoning field of body composition research. The book covers the full range of methods to assess body composition, including dual-energy X-ray absorptiometry, electrical impedance, and imaging techniques. Maintaining the focus of the first edition as a definitive research guide, this resource incorporates updated information on methods and topics of biological importance. This thoroughly revised reference includes new material on-molecular genetics;-energy expenditure; -body composition as related to various pathological states including cancer, inflammatory diseases, and illnesses associated with HIV; and-animal body composition. The information is presented in five logical parts along with an appendix for easy comprehension of the material. Part I presents an introduction to the field and sets the tone for the ensuing chapters. Part II provides an extensive review of the available body composition methods, including measurement cost, safety, and practicality. Part III features reviews on specific body composition components of widespread interest, adipose tissue and skeletal muscle, along with a review of body composition models. Part IV covers the biological influences...

Reviews

An extremely great ebook with lucid and perfect explanations. It is full of knowledge and wisdom Its been printed in an exceedingly straightforward way in fact it is merely right after i finished reading through this publication by which really transformed me, alter the way i believe.

-- Spencer Fritsch

A top quality ebook and the font employed was exciting to read. Of course, it can be enjoy, nonetheless an interesting and amazing literature. Your life span will likely be transform once you full reading this book.
