EXPERIMENTAL PHOTOGRAPHY: A HANDBOOK OF TECHNIQUES

DOWNLOAD

Thames & Hudson Ltd. Hardback. Book Condition: new. BRAND NEW, Experimental Photography: A Handbook of Techniques, Marco Antonini, Sergio Minniti, Francisco Gomez, Luca Bendandi, Photography has always been about experimentation, and anyone who thinks the advent of digital imaging might have stopped photographers from inventing new ways to impress their film is in for a big surprise. Experimental Photography presents the most interesting and creative modifications for low-cost film cameras, manual printing techniques and unconventional use of the medium. The book accompanies the reader through the world of photography special effects and manipulations documenting techniques, approaches, experimenters, camera makers and their extraordinary creations. One picture at a time, Experimental Photography compiles a manifesto against visual homogenization.
