Written in a style that invites reflection and self-discovery, The Hypotenuse uses the format of an illustrated tale, with people walking on top of scientific diagrams, to weave concepts and symbols from mathematics, physics, politics, economics, and morals, in an original and unforeseen fashion. This second edition is launched in the wake of the recent Occupy movements worldwide and the increased awareness of the 1 against the 99 , as an attempt to highlight the optimal solution for us all.
