Excerpt: .and instantly dies, the lungs will swim in water as readily as if it breathed longer, and had then been strangled. ! ne lung will It has been found that the lungs will float in float from putre-. . fuMm. water in consequence ot putrefaction having taken place in them.; Putrefaction must, however, be very far advanced, before this phenomenon will thence result, and before such a degree of putrefaction takes place in those organs, under ordinary circumstances, that of the body generally will have proceeded almost to the last stage. This was proved by Camper. In order to ascertain, he says, to what degree putrefaction would advance in an infant before its lungs would float in water, I made different experiments, at Amsterdam, on this subject; and I have found that, in those who had died before birth, the head may be so...
