CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2008. Paperback. Book Condition: New. 222 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This collection of essays brings together historians and political scientists from Britain, France and the United States, who, from widely differing perspectives and traditions, have been involved in the process of rethinking African politics. They present here the outline of a new approach, grounded in universal political theory rather than on theories of Third World political development. This seeks to integrate the history of Africa (from pre- to post-colonial) with concepts of political theory as they have been applied historically to the analysis of Europe and America. The book addresses a wide audience: students of African history and politics, of Third World development and of political theory.
