## Elementary Magnetism and Electricity: Prepared in the Extension Division (Classic Reprint)

By Cyril M Jansky

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Elementary Magnetism and Electricity: Prepared in the Extension Division In the preparation of this text, the author has had in mind the needs of students who may have had some practical experience with electrical apparatus or machinery, but whose knowledge of the principles of its operation and of mathematics is limited. To make magnetic and electric principles real to such students, the subject is developed experimentally. The student is expected to perform simple experiments and thus to observe the actual phenomena. Then by questions and discussions he is aided in the interpretation of his observations, and the formulation of his conclusions into workable ideas. In order that the subject may interest men in the electrical industries who are not technically trained, some practical applications of the fundamental magnetic and electric principles are illustrated and described. It is the writer's experience that such a presentation appeals strongly to the industrial worker who wishes to understand the how and why of things electrical. The text is intended for individual or home study, although it may be...
