Reviews

This pdf may be really worth a read, and superior to other. It generally does not price too much. Once you begin to read the book, it is extremely difficult to leave it before concluding.

On comparing v and b together the question suggests itself as to whether b subjected to mutation became b or v previous to its disappearing. Looking at it from a physiological point of view one might expect the former (5) as a pure labial to take the place of a pure 1 The modern Goidelic dialects have bdthadh to drown with a th doe probably to association with another verb of the same origin as O. lr. at-bath died. 1 It matters not here whether we set out from nan or nam in the case of nyn mea; for even in the former case nan + bea would have to become nambea: that is to say, the nasal must be homogeneous with the mute which it is to assimilate before lhat assimilation can take placc; and so in other cases. labial (b); on the other hand the v of such instances as vdys, vegg, and vrii is not bilabial. It may, however, have in such words superseded the bilabial, but I have no evidence of the succession b, 6, v which that would imply. One may add for what it is worth, that foreign v undergoes the same treatment as native v (for an older b), that is supposing the former was v and not d, in such a word, for instance, asfaayr favour (lr. fdbhar, Sc. fabhor, Wesh Jfafr,...
