

Digital Drawing for Designers: A Visual Guide to AutoCAD 2015

Filesize: 7 MB

Reviews

This book may be worth buying. I have read and i am confident that i am going to planning to go through once more once again in the future. Its been written in an exceptionally easy way and it is simply soon after i finished reading this publication in which actually altered me, modify the way i believe.

DIGITAL DRAWING FOR DESIGNERS: A VISUAL GUIDE TO AUTOCAD 2015

Bloomsbury Publishing PLC, United Kingdom, 2014. Paperback. Book Condition: New. 4th ed.. 277 x 213 mm. Language: English . Brand New Book. Created specifically to help designers master AutoCAD, Digital Drawing for Designers 2015 is neither overly simplistic nor excessively technical, and teaches by relating to what architects and interior designers understand best: the visual world. Beginning with the building blocks of drawing (lines, circles, and arcs), the book progresses through architectural graphic standards, enabling students to create drawings that effectively communicate their design ideas. Advanced features such as annotative dimensions, annotative blocks, express tools, and linking drawings (XREFs) are also covered. Instructions are illustrated using language and concepts from manual drafting, facilitating a smooth transition to the digital environment for all designers. New learners will appreciate the step-by-step lessons and visual illustrations, while experienced design professionals can easily access material to refresh their knowledge. Clear, concise, and above all visual, this AutoCAD guide speaks directly to the needs of architects and interior designers.
