APP BLANKS FOR ANDROID MOBILE OS

Createspace, United States, 2010. Paperback. Book Condition: New. 254 x 203 mm. Language: English . Brand New Book ***** Print on Demand *****.The Android Operating system has taken the technology market by storm. Every week there is some new device coming out running this awesome operating system. This book is designed to focus on the Android Mobile OS for Tablet and Smartphone devices. It is setup to help you bring your creation to life. When creating an app for a mobile device size and design are a crucial part of the mix. It s not enough to have a good idea, but you need an idea that works and is easy to use on a small touch screen device. To many times people have a great initial idea but it seems that it gets lost in translation on its way to code. One of the reasons why some apps make it and others don t is because they took the time to plan out their app, see how it works looks before even writing down one piece of code. This simple process of spending time in concept and design changes everything. It s a critical part of the app evolution process to have a good, successful and well thought out app. This book gives you a tool to do just that. It is setup to give you a place to put down your initial app scope, and then go more into detail on what your screen will do. Followed by the chance to sketch it out and see your app come to life before going into code to create it. By having a place where you can create all your screens with the details it saves you time and money by allowing you to change and create new options that...
